Kensington, MD 20895

July 10, 2007

Mr. Tracy Wroe, Engineer III  
Traffic Safety, Investigations and Planning Team  
Traffic Engineering and Operations Section  
Department of Public Works and Transportation  
101 Orchard Ridge Drive  
2<sup>nd</sup> Floor  
Gaithersburg, Maryland 20878

Dear Mr. Wroe,

As President of the Rock Creek Hill's Citizen's Association (RCHCA) I am expressing the Association's support for the installation of speed humps on Kensington Parkway between Franklin Street and Bexhill Road. At the October 26, 2006 meeting the RCHCA passed a motion that the Association would support speed humps if the residents polled by the County supported them.

We would again like to thank the Traffic Engineering and Operations Section for the time expended performing the traffic survey, reviewing the survey results, and proposing calming measures.

Mr. Tracy Wroe again exceeded all expectations in providing guidance through the process. Mr. Wroe has been very patient in repeatedly explaining the traffic calming options, and procedures. He invested much of his own time to ensure that residents understood both the pros and cons of speed humps.

Sincerely,

Joseph Rosenberg  
President, Rock Creek Hills Citizen's  
Association
